Kevin stated that he was not opposed to approving the building permit but the board needs to think about the future ramifications if an exception is made. An easement area for utilities from the property pin to the structure is to be twenty-five feet. Aaron stated he would look into the easement area and report back at the next meeting.
- Aaron informed the board that concrete has been poured for the footers, water lines are in. Travis stated he would run the sewer out through the block. Volunteers are pouring the building and Midwest Asphalt is pouring the pad. Volunteers will be needed for clean-up. Kevin stated the roof on the building would be a hip roof.
