Chuck Mockabee introduced himself to the board. Chuck is running for State's Attorney and asked for the Village Board and the residents present for their support in the upcoming election.

Matt Cavelenes asked when the hole in his front yard would be filled in that was made during the water main project. Mayor Schmink stated that someone would come down and take care of it as soon as they could once the work was done on the water line.

Mel Sanford addressed the board regarding the road at Westwood Circle. Mel stated that the condition of Westwood Circle is unacceptable and that per the agreement with the Village, the road should have been completed in 2007. There is a contingency plan within that agreement that states that the Village Engineers could determine when that road should be finished based upon the amount of development that has occurred. Wayne Tennyson stated he had two questions: Are you going to give us what the Village owes us and when? Wayne also stated that their tax base is pretty high. Mayor Schmink stated that the Road Commissioner was unable to attend the meeting tonight due to family emergency but the board would discuss this issue and be able to give them some answers at the February 2<sup>nd</sup> meeting. Jim stated that the Village wants to take care of the subbase but the road fund is pretty low at this time and payments from the State of Illinois are cut in half and behind. Jim also stated that with the down turn in the economy in 2008, not as many houses have been built. Mel stated that no one would want to build in the subdivision if they have to dodge potholes. Mel also stated that the sidewalks should have been installed by December 31, 2012 by the development company. Mayor Schmink instructed Shelley to investigate the bond that could have been issued to the Village from the development company.

A motion was made by Aaron, seconded by Jim to set a study session for the review of Chapter 112 of the Village Ordinance.

Matt Johnson stated that with regards to the wastewater plant facilities plan, the hardest part would be getting the money for the project. He suggested that the Board start looking at funding possibilities. Matt also talked about getting a direction from the board for how Farrar Street should be corrected. The current grant plans have a patch included. However, after talking with Cross Construction, Matt believes that doing an edge to edge is the better option for long-term. He stated that he received a price from Cross Construction that was under the \$20,000.00 price line that would request it to be bid. Matt requested that Farrar Street direction and a time extension change order be added to the agenda for the next meeting.
